The Honorable Tom Cole
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Discovery Clean Water Alliance Salmon Creek Treatment Plant (SCTP) Aeration Equipment Replacement Project in Fiscal Year 2027. The entity to receive funding for this project is Discovery Clean Water Alliance, located at 8000 NE 52nd Ct Vancouver, WA 98665. The funding would be used to support replacement of 30-year-old aeration equipment, install enhanced monitoring systems, and upgrade associated air piping, valves, actuators, and electrical components as needed. These improvements will provide operators with the level of control and flexibility necessary to optimize aeration, improve treatment consistency, and respond more quickly to changing plant conditions.

The project is an appropriate use of taxpayer funds because the proposed investment in new blower equipment protects essential public infrastructure, reduces long-term operating costs, and improves energy efficiency for a rapidly growing region.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'MGP', written over a light blue grid background.

Marie Gluesenkamp Perez
Member of Congress
