The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Conneaut Harbor, OH project in fiscal year 2023.

The entity to receive funding for this project is the U.S. Army Corps of Engineers Buffalo District, located at 1775 Niagara Street, Buffalo, NY 14207.

The funding would be used to initiate and complete Dredged Material Management Plans (DMMPs) consistent with Section 125(c) of the Water Resources Development Act of 2020. Efforts will evaluate cost effective, technically feasible, environmentally acceptable methods to handle material dredged from the Federal Harbor. Consideration will be made of the State of Ohio law limiting Open Lake Placement and potential Section 217 Agreements to utilize non-Federal upland dredged material facilities will be evaluated.

Additionally, funding would be used for Engineering and Design to set up the U.S. Army Corps of Engineers repair fleet for future construction repairs to the Conneaut Harbor West Breakwater

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
