Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for The HealthCare Connection's Lincoln Heights Expansion and Renovation Project in Fiscal Year 2027. The entity to receive funding for this project is The HealthCare Connection, Inc., located at 1401 Steffen Avenue Cincinnati, OH 45215. The funding would be used to address the pressing healthcare gaps and improve the well-being of one of Cincinnati's most historic communities. This initiative will transform previously unused space adjacent to the main waiting room, creating a more efficient, welcoming and patient-focused environment. The project is an appropriate use of taxpayer funds because this project aims to reduce premature mortality and improve the quality of life for residents by increasing access to clinical care and pharmacy services in an area of critical need.

The project has a federal nexus because the funding provided is for purposes authorized Under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Congressman Greg Landsman
