Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Yankee Road Roundabout Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Springboro located at 320 West Central Avenue, Springboro, OH 45066.

The funding would be used to construct a modern roundabout at the intersection of Yankee Road and Springs Boulevard, a key gateway that connects residents, businesses, and regional destinations across southern Montgomery and northern Warren counties. This intersection serves as a critical link between Washington Township, Centerville, Springboro and Clearcreek Township, and experiences increasing traffic volumes as the region continues to grow. The proposed project will improve safety, mobility, and connectivity while creating a more accessible transportation network for motorists, pedestrians, and cyclists to promote economic activity in the area.

This project is an appropriate use of taxpayer funds because it is a local road infrastructure improvement will spur economic growth in the area. Regionally this area is the home to many residents who work in the Greater Dayton area at major employers including Wright Patterson Air Force Base, Kettering Health Network, Premier Health, University of Dayton, and Sinclair Community College. The Miami Valley region is also within a day's drive of nearly half of the nation's population and serves as the headquarters of several Fortune 1000 companies. Major employers and critical destinations in the immediate area include Dayton Children's Hospital campus, Dayton-Wright Brothers Airport, and Motoman Robotics.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Congressman Greg Landsman
