The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Fairview City Drinking Water System Modernization Project in Fiscal Year 2027. The entity to receive funding for this project is Fairview City, located at 25200 N 12300 E, Fairview, UT 84629.

The funding would be used to rebuild aging spring collection infrastructure, replace leaking transmission pipelines, and construct a new water storage tank. These improvements will reduce water loss, increase system reliability, and strengthen drinking water delivery for residents.

The project is an appropriate use of taxpayer funds because failure to modernize the drinking water system could lead to service disruptions and reduced reliability for the community's water supply.

The project has a Federal nexus because the funding provided is for purposes authorized by 7 U.S.C. 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
