April 26th, 2021

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for US 67 Widening from the Delhi Bypass Project to Crystal Lake Rd. in the surface transportation reauthorization legislation.

The project sponsor for this project is the Illinois Department of Transportation and the project is located at US 67 from the northern point of the Delhi Bypass Project to Crystal Lake Rd., Jerseyville, IL 62052. The funding is designated for the initial phases of widening that section from two to four lanes.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. It will serve as a boon to economic development as they work to attract industrial business to the area and allow for safer and more efficient movement of residential and business/industrial traffic. This work will serve to continue a long running community effort to widen US 67 north towards Jerseyville. The City of Jerseyville and the counties of Jersey and Greene are especially supportive of this project.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Rodney Davis
Member of Congress
