Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Motts Run Water Treatment Plant Expansion – Phase 2 Engineering for fiscal year 2023.

The entity to receive funding for this project is Spotsylvania County, which is located at 9104 Courthouse Rd. Spotsylvania, VA 22553.

The funding would be used for Phase 2 of the Motts Run Water Treatment Plant Expansion, which will further advance the engineering in Phase 1 (successfully signed into law through last year's appropriations process) to the detailed design work and development of technical specifications. Upon construction completion, the capacity of the Motts Water Treatment Plant will double to 24 MGD to meet current and future water demands. This project is a good use of taxpayer funds because it will provide water service stability and reliability for the regional area as growth continues.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Abigail D. Spanberger
