Ranking Member Kay Granger  
Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Goochland County Oilville Road - I-64 Roundabout for fiscal year 2023.

The entity to receive funding for this project is Goochland County, which is located at 1800 Sandy Hook Rd Goochland, VA 23063.

The funding would be used for the construction of a new roundabout at the Oilville Road/I-64 Interchange. The funding would provide for the construction of a four-way roundabout that would help alleviate a major traffic blockage on I-64 that currently creates a safety threat to both exiting traffic and through traffic on the Interstate. The proposed roundabout is a good use of taxpayer funds as it would allow commuters to flow seamlessly from I-64 onto Oilville Road, benefitting 10,000-15,000 commuters daily. In addition to reducing congestion, the Federal Highway Administration reports that the conversion of a two-way stop-controlled intersection to a roundabout reduces the risk of severe crashes by up to 82%.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

[Signature]
