Ranking Member Kay Granger  
Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Nottoway County Public Safety Radio Communications System for fiscal year 2023.

The entity to receive funding for this project is Nottoway County, which is located at P.O. Box 92, 344 West Courthouse Road, Nottoway, VA 23955.

The funding would be used to completely replace its aging and unreliable public safety radio system, which has failed in several instances, with a modern digital radio system including mobile, portable, and base type radios in various stations and vehicles. The funding will also allow the county to determine effective locations for tower mounted radio components in order to achieve the optimum radio coverage throughout Nottoway. This project is a good use of taxpayer funding because it will address the need for a modern and reliable system that provides law enforcement, firefighters, EMS personnel, and other first responders with an improved level of safety while working in high-risk environments daily.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Abigail D. Spanberger  
MEMBER OF CONGRESS
