April 29, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Wilton Manors Stormwater Improvement Project in fiscal year 2023. The entity receiving funding for this project is the City of Wilton Manors, located at 2020 Wilton Drive, Wilton Manors, FL 33305. The funding would be used for storm pipe infrastructure maintenance upgrades. The Middle River surrounds the City of Wilton Manors. The City’s storm sewer system pipes drain into the Middle River through outfall openings at the water’s edge and can become inundated to the point where rising tides cause water from the river to backup and overflow into roadways through storm drain inlets. Daily high tides in combination with rain events, as well as king tide events without additional rain, are particularly problematic. The project would address these storm drain issues. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Theodore E. Deutch
Member of Congress
