Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Detroit Mold Remediation Program project in Fiscal Year 2027. The entity to receive funding for this project is the City of Detroit, located at 2 Woodward Ave, Detroit, MI 48226.

The City of Detroit is requesting funding to address a critical public health issue by identifying and remediating basement mold contamination in residential homes, particularly in neighborhoods with high asthma prevalence and lower-income households.

This project is an appropriate use of taxpayer funds because it directly improves public health outcomes, reduces healthcare costs associated with asthma and respiratory illnesses and supports safer housing conditions for Detroit residents.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Rashida Tlaib
Member of Congress
