The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Village of Beverly Hills for Water Main Improvements in Fiscal Year 2027. The entity to receive funding for this project is Village of Beverly Hills, located at 18500 W. 13 Mile Rd, Beverly Hills, MI 48025.

The funding would be used to replace approximately 14,000 linear feet of aging water main, much of which was originally constructed prior to the 1940s and is experiencing an increasing frequency of water main breaks. The project includes the installation of new 8-inch diameter water mains to replace undersized and deteriorating 6-inch water mains that no longer meet current industry standards. The project is an appropriate use of taxpayer funds because it addresses present or prevents future violations of health-based drinking water standards. This project is necessary to maintain compliance with existing national primary drinking water regulations for contaminants with acute and chronic health effects.

The project has a federal nexus because the funding provided is consistent with purposes authorized in Section 1452 of the Safe Drinking Water Act within 40 CFR Section 35.3520(b)(2)(ii).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Rashida Tlaib  
Member of Congress
